

# FEDERICO MARCHETTI

FULL STACK DEVELOPER (React, .NET, Azure)

EXPERIENCE

OCT 2023-NOW

FULL STACK DEVELOPER  
at 2+ Consulting. Turin, Italy

Some projects I worked in:

AI-Powered Web Scraping Tool (Reply S.p.A)

Single-handedly developed an AI-powered web scraping solution for an international client, automating the extraction of key competitor financial data across thousands of webpages with varying structures and languages. Replaced manual competitor analysis, significantly reducing processing time and improving data accuracy.

AI-Invoice Checker (Reply S.p.A)

Designing and implementing a system to process and extract key content from stored data using AI-driven image analysis. Used OpenAI Vision/Document Intelligence to analyze images and automatically generate structured CSV reports, streamlining data extraction and reporting for improved efficiency and accuracy.

SharePoint Sites Automation & Monitoring (Reply S.p.A)

Implemented large-scale automation features to manage 30,000+ SharePoint and Teams sites, including daily deletion, editing, and monitoring sites' states via WebJobs and pipelined through Azure Service Bus. Integrated an automated notification system to send targeted email updates to affected users, and enhanced the existing application interface to allow manual operations when needed.

SharePoint & Microsoft Teams App (Reply S.p.A)

Managed front-end development for a Teams app, enabling a major Italian company to manage tens of thousands of confidential research projects and documents efficiently.

FEB 2023-OCT 2023

BACK END DEVELOPER - INTERNSHIP  
2+ Consulting, Torino, Italy

INSTRUCTION

SEP 2021-SEP 2023

BACK END DEVELOPER  
ITS ICT Torino (Vocational School), Italy  
Graduated

SEP 2019-SEP 2021

BIOMEDICAL ENGINEERING  
Politecnico di Torino, Italy  
Did not graduate

2014 - 2019

Secondary School Diploma in IT  
IIS Olivetti Ivrea, Italy

SOFT SKILLS

I'm very used to presentations and **public speaking** because I've been from 2019 until 2021 both a member and vice-president of Toastmasters PoliTo, a public speaking club, and also because I've dabbled in the stand-up comedy environment.

In my spare time, I engage in **boxing** and **beach volley**, activities that help me remain composed in high-pressure situations and improve my conflict resolution abilities.

Furthermore, I have participated in several **Erasmus+** programs, enhancing my teamwork abilities, flexibility, and assertiveness.

HARD SKILLS

**Programming Languages & Frameworks:**  
C#, .NET 6-8, Entity Framework, SQL Server, React, TypeScript, Redux, SPFx, Fluent UI

**Cloud & Integration (Azure):**  
Logic Apps, Functions, Service Bus, Storage (Queues/Blobs), Key Vault, Container Apps, WebJobs, Azure DevOps, Docker, Git

**M365 & Power Platform:**  
SharePoint, Microsoft Teams, Power Automate

**AI & Automation:**  
OpenAI, Azure AI Search, Azure Document Intelligence, Prompt Engineering, Puppeteer, GitHub Copilot

IT CERTIFICATIONS

**Azure Developer Associate (AZ - 204)**  
June 8, 2025  
Credential ID: D8FE92584EE1CBC4

**Microsoft Azure Fundamentals (AZ - 900)**  
Mar 23, 2025  
Credential ID: A87405F9040EB45D

LANGUAGES

**Italian**  
Native speaker

**English**  
Fluent (C2 - self evaluated)  
Achieved [IELTS Academic C1](#) in 2018

**German**  
Advanced  
[Goethe C1](#) level achieved in April 2025

**French**  
Advanced  
Heritage/Native speaker
